| Show grid continuously with {count} columns                  | Labels screen in numbered grid with desired number of columns until hidden          |
| Show grid continuously with {count} rows                     | Labels screen in numbered grid with desired number of rows until hidden             |
| Show grid continuously with {count} columns and {count} rows | Labels screen in numbered grid with desired number of columns and rows until hidden |
| Hide grid  | Removes numbered grid from screen   |
| Tap {number}   | Taps number provided by labels  |
| Choose {number}  | Selects number provided by labels   |
| {Number}   | Taps number provided by labels  |
| Show actions for {item name}                                 | Shows available actions for desired item  |
| Show actions for {number}                                    | Shows available actions for desired number  |
|  |   |
| <b>Basic Gestures</b>  |   |
|  |   |
| Scroll down  | Scrolls down page a little bit  |
| Scroll up  | Scrolls up page a little bit  |
| Scroll to bottom   | Scrolls to bottom of the page   |
| Scroll to top  | Scrolls to top of the page  |
| Scroll left  | Scrolls left on page a little bit   |
| Scroll right   | Scrolls right on page a little bit  |
| Scroll to left edge  | Scrolls all the way left on page  |
| Scroll to right edge   | Scrolls all the way right on page   |
| Zoom in  | Zoom out on page  |
| Zoom in {item name}  | Zoom out on desired item  |
| Zoom in {number}   | Zoom out on desired number  |
| Zoom out   | Zoom in on page   |
| Zoom out {item name}   | Zoom in on desired item   |
| Zoom out {number}  | Zoom in on desired number   |
| Decrement {item name}  | Decreases desired item by one   |
| Decrement {item name} by {count}                             | Decreases desired item by count   |
| Decrement {number}   | Decreases desired number by one   |
| Decrement {number} by {count}                                | Decreases desired number by count   |
| Increment {item name}  | Increases desired item by one   |
| Increment {item name} by {count}                             | Increases desired item by count   |
| Increment {number}   | Increases desired number by one   |
| Increment {number} by {count}                                | Increases desired number by count   |
| Single Tap   | Taps screen once  |
| Double Tap   | Taps screen twice   |
| Double Tap {item name}                                       | Taps twice on desired item  |
| Double tap {number}  | Taps twice on desired number  |

|                                   |   |
|-----------------------------------|---|
| Long Press                        | Long press on screen                          |
| Long Press {item name}            | Long press on desired item                    |
| Long Press {number}               | Long press on desired number                  |
| Pan down                          | Slowly scroll down a little bit               |
| Pan down {item name}              | Slowly scroll down on desired item            |
| Pan down {number}                 | Slowly scroll down on number                  |
| Pan up                            | Slowly scroll down a little bit               |
| Pan up {item name}                | Slowly scroll up on desired item              |
| Pan up {number}                   | Slowly scroll up on number                    |
| Pan left                          | Slowly scroll left                            |
| Pan left {item name}              | Slowly scroll left on desired item            |
| Pan left {number}                 | Slowly scroll left on number                  |
| Pan right                         | Slowly scroll right                           |
| Pan right {item name}             | Slowly scroll right on desired item           |
| Pan right {number}                | Slowly scroll right on number                 |
| Rotate left                       | Rotate left on screen                         |
| Rotate left {item name}           | Rotate left on desired item                   |
| Rotate left {number}              | Rotate left on number                         |
| Rotate right                      | Rotate right on screen                        |
| Rotate right {item name}          | Rotate right on desired item                  |
| Rotate right {number}             | Rotate right on number                        |
| Swipe down                        | Swipe down on screen                          |
| Swipe down {item name}            | Swipe down on desired item                    |
| Swipe down {number}               | Swipe down on number                          |
| Swipe up                          | Swipe up on screen                            |
| Swipe up {item name}              | Swipe up on desired item                      |
| Swipe up {number}                 | Swipe up on number                            |
| Swipe left                        | Swipe left on screen                          |
| Swipe left {item name}            | Swipe left on desired item                    |
| Swipe left {number}               | Swipe left on number                          |
| Swipe right                       | Swipe right on screen                         |
| Swipe right {item name}           | Swipe right on desired item                   |
| Swipe right {number}              | Swipe right on number                         |
| Two finger tap                    | Tap with two fingers on screen                |
| Two finger tap {item name}        | Tap with two fingers desired item             |
| Two finger tap {number}           | Tap with two fingers number                   |
| Two finger double tap             | Double tap with two fingers on screen         |
| Two finger double tap {item name} | Double tap with two fingers desired item      |
| Two finger double tap {number}    | Double tap with two fingers number            |
| Two finger long Press             | Long press on screen with two fingers         |
| Two finger long Press {item name} | Long press on desired item with two fingers   |
| Two finger long Press {number}    | Long press on desired number with two fingers |

|                                    |  |
|------------------------------------|--|
| Two finger pan down                | Slowly scroll down a little bit with two fingers     |
| Two finger pan down {item name}    | Slowly scroll down on desired item with two fingers  |
| Two finger pan down {number}       | Slowly scroll down on number with two fingers        |
| Two finger pan up                  | Slowly scroll down a little bit with two fingers     |
| Two finger pan up {item name}      | Slowly scroll up on desired item with two fingers    |
| Two finger pan up {number}         | Slowly scroll up on number with two fingers          |
| Two finger pan left                | Slowly scroll left with two fingers                  |
| Two finger pan left {item name}    | Slowly scroll left on desired item with two fingers  |
| Two finger pan left {number}       | Slowly scroll left on number with two fingers        |
| Two finger pan right               | Slowly scroll right with two fingers                 |
| Two finger pan right {item name}   | Slowly scroll right on desired item with two fingers |
| Two finger pan right {number}      | Slowly scroll right on number with two fingers       |
| Two finger swipe down              | Swipe down on screen with two fingers                |
| Two finger swipe down {item name}  | Swipe down on desired item with two fingers          |
| Two finger swipe down {number}     | Swipe down on number with two fingers                |
| Two finger swipe up                | Swipe up on screen with two fingers                  |
| Two finger swipe up {item name}    | Swipe up on desired item with two fingers            |
| Two finger swipe up {number}       | Swipe up on number with two fingers                  |
| Two finger swipe left              | Swipe left on screen with two fingers                |
| Two finger swipe left {item name}  | Swipe left on desired item with two fingers          |
| Two finger swipe left {number}     | Swipe left on number with two fingers                |
| Two finger swipe right             | Swipe right on screen with two fingers               |
| Two finger swipe right {item name} | Swipe right on desired item with two fingers         |
| Two finger swipe right {number}    | Swipe right on number with two fingers               |
|                                    |  |
| <b>Advanced Gestures</b>           |  |
|                                    |  |
| Drag from {number} to {number}     | Drag item from desired number to desired number      |
| Start drag {item name}             | Start drag on desired item                           |
| Start drag {number}                | Start drag on desired number                         |
| Drop {item name}                   | Drop desired item                                    |
| Drop {number}                      | Drop desired number                                  |
| Tap and hold {item name}           | Tap and hold on desired item                         |
| Tap and hold {number}              | Tap and hold on desired number                       |
| 3D Touch {item name}               | 3D Touch on desired item                             |
| 3D Touch {number}                  | 3D Touch on desired number                           |
| Cancel gesture                     | Cancels current gesture                              |
|                                    |  |
| <b>Dictation</b>                   |  |
|                                    |  |
| {phrase}                           | Types desired phrase into a text field               |
| {phrase} emoji                     | Types desired emoji into text field                  |

|                                 |   |
|---------------------------------|---|
| Type {phrase}                   | Types desire emoji into text field                |
| Insert date                     | Enters the current date into text field           |
| Enter that                      | Taps return                                       |
| Add to vocabulary               | Adds word to the dictionary                       |
| Dictation Mode                  | Turns on dictation mode                           |
|                                 |   |
| <b>Text Navigation</b>          |   |
|                                 |   |
| Move down                       | Moves cursor down a line                          |
| Move up                         | Moves cursor up a line                            |
| Move left                       | Moves cursor left one character                   |
| Move right                      | Moves cursor right one character                  |
| Move to beginning               | Moves cursor to beginning of text                 |
| Move to end                     | Moves cursor to end of text                       |
| Move to beginning of word       | Moves cursor to beginning of current word         |
| Move to end of word             | Moves cursor to end of current word               |
| Move to beginning of sentence   | Moves cursor to beginning of current sentence     |
| Move to end of sentence         | Moves cursor to end of current sentence           |
| Move to beginning of paragraph  | Moves cursor to beginning of current paragraph    |
| Move to end of paragraph        | Moves cursor to end of current paragraph          |
| Move to beginning of line       | Moves cursor to beginning of current line         |
| Move to end of line             | Moves cursor to end of current line               |
| Move to beginning of selection  | Moves cursor to beginning of current selection    |
| Move to end of selection        | Moves cursor to end of current selection          |
| Move forward {count} characters | Moves cursor forward desired number of characters |
| Move back {count} characters    | Moves cursor back desired number of characters    |
| Move forward {count} words      | Moves cursor forward desired number of words      |
| Move back {count} words         | Moves cursor back desired number of words         |
| Move forward {count} sentences  | Moves cursor forward desired number of sentences  |
| Move back {count} sentences     | Moves cursor back desired number of sentences     |
| Move forward {count} paragraphs | Moves cursor forward desired number of paragraphs |
| Move back {count} paragraphs    | Moves cursor back desired number of paragraphs    |
| Move forward {count} lines      | Moves cursor forward desired number of lines      |
| Move back {count} lines         | Moves cursor back desired number of lines         |
| Move forward {count} lines      | Moves cursor forward desired number of lines      |
| Move back {count} lines         | Moves cursor back desired number of lines         |
| Move before {phrase}            | Moves cursor before chosen phrase                 |
| Move after {phrase}             | Moves cursor after chosen phrase                  |
|                                 |   |
| <b>Text Selection</b>           |   |
|                                 |   |
| Select all                      | Selects all text                                  |

|  |  |
|--|--|
