

The Wadham family's lineage is deeply intertwined with the rich tapestry of England's history. Their story begins with Jeremiah Wadham, born around 1750, a time when England was undergoing significant changes. The Industrial Revolution was on the horizon, and the country was experiencing a shift from agrarian to industrial societies. Amidst this backdrop, Jeremiah married Elizabeth Rock. Their union produced three children: William, Sarah, and Thomas.

William Wadham, the eldest, was born in London, a city bustling with activity and growth. By the time of his birth in 1777, London was the world's largest city, a hub of trade, culture, and innovation. William later settled in Cockpit Alley, Southwark, a district known for its vibrant markets and diverse population. He married Rose Merchant in the historic Holborn St Giles in the Fields, a church that had witnessed countless unions and ceremonies over the centuries. Rose, born around 1782, was a contemporary of the Romantic poets and the Napoleonic Wars. Their family grew with the addition of six children.

Rose Eliza (Sarah) Wadham's life was a journey that took her from the streets of Southwark, Surrey, to the distant shores of Moorabbin, Victoria, Australia. By the mid-19th century, Australia was a land of opportunity, attracting immigrants from all over the world. Rose Eliza's adventurous spirit saw her marry three times and bear several children. Her descendants would later contribute to the cultural and social fabric of Australia.

George Wadham's birthplace, Hospital, Endell St, Holborn, London, speaks of a city that was at the forefront of medical advancements. His marriage to Hannah Beard in Exeter, Devon, connected the Wadhams to the picturesque landscapes of southwest England, known for its maritime history and cultural heritage.

William Wadham, named after his father, grew up in Southwark, Surrey, during a time when England was asserting its dominance on the global stage. His marriage to Mary Priestman added another branch to the Wadham family tree, with their children carrying forward the family's legacy.

Harriett Wadham's life was rooted in Southwark, Surrey, but her marriage to Timothy Manning in Lambeth St John the Evangelist added a religious dimension to the family's history. Lambeth, with its iconic Lambeth Palace, was a spiritual center for the Church of England.

Throughout the generations, the Wadham family navigated the challenges and opportunities presented by their times. From the cobbled streets of London to the vast expanse of Australia, their story is a reflection of the broader historical currents that shaped the world. Their legacy, a blend of resilience, adventure, and love, continues to inspire their descendants and all who come across their tale.
